---

Sommario/riassunto

This book by Henry Newbolt provides an in-depth account of the Battle of Trafalgar and the events leading up to it. It combines historical analysis with a collection of poems and ballads written about the battle between 1805 and 1905. Newbolt aims to present the facts surrounding the naval campaign of 1805 in a concise and factual manner, relying on primary documents and expert insights. The work is intended for readers interested in British naval history, particularly the life of Admiral Nelson and his significance in the battle. The book also seeks to foster appreciation for the historical importance of Trafalgar and the enduring legacy of Nelson in British culture.
