## Sommario/riassunto

Debbaudt explains how typical manifestations of autism spectrum disorders, such as running away, unsteadiness, impulsive behavior or failure to respond, may be misunderstood by law enforcement professionals, with serious consequences. For individuals with ASDs, he offers advice on how to behave in encounters with law enforcement professionals.

Sommario/riassunto

This volume, the seventh of Charles Oman's comprehensive series on the Peninsular War, chronicles the final stages of the conflict from August 1813 to April 1814. It details key military engagements, including the capture of St. Sebastian, the invasion of France, and the battles of Nivelle, Nive, Orthez, and Toulouse. The work explores the strategic movements of Wellington's forces and the challenges faced during these campaigns. Oman's extensive research, supported by visits to the battlefields and collaboration with historical experts, provides a detailed account of the military operations and their historical significance. The book is intended for historians and readers interested in military history and the Napoleonic Wars.
