Sommario/riassunto	This book, originally published in 1911, chronicles the history of the 10th (Irish) Division during the Gallipoli Campaign of World War I. Written by Major Bryan Cooper, it details the formation, challenges, and bravery of this division, which was the first Irish Division to serve in the British Army during the war. The narrative captures the division's significant sacrifices and gallantry despite facing numerous adversities,

including being under-equipped and encountering severe conditions. The author aims to honor the memory of the officers and men who served and to highlight their contributions to the war effort. This work serves as both a historical record and a tribute to the division's valor, intended for readers interested in military history and Irish contributions to World War I.
