Sommario/riassunto

This book provides a detailed history of the King's Royal Rifle Corps from its establishment in 1755 to the end of 1915, compiled and edited by Sir Edward Hutton. It chronicles the regiment's significant contributions to British military efforts across various campaigns, including battles in North America, the West Indies, India, Africa, and during World War I. The narrative highlights the regiment's evolution, strategic adaptations, and the distinguished service of its members. The book aims to educate current and future members of the regiment about its storied past and instill pride and understanding of its historical achievements. It is intended for military historians, members of the regiment, and those interested in British military history.
