Sommario/riassunto	<p>A roguish sea captain and a lady of privilege. They come from different worlds. But when his life and freedom are threatened, she'll risk it all to save him. Can the love of one woman set a man free and lead him to his future? A spicy, new romance from author Marie Caron, A Captain's Destiny is a passionate story of undying faith and the power of love. Before being accused of a crime he did not commit, Jack O'Bannon, sea captain and handsome rogue, had firmly believed he was the master of his own destiny. But the chain of events that is set in motion will make him question everything--and everyone--he's ever believed in. Will the love of one woman be enough to free him and guide him to his future? Lady Katherine Conlon had led a sheltered life, protected by everyone around her, including a boy in her father's employ. Never did she dream that one day she would return the favor, saving the boy and loving him as only a woman can love a man. But can she overcome the differences between them and take control of her own destiny?Content Notes: Spicy</p>
