Sommario/riassunto	The first volume of this international best-selling unofficial Minecraft adventure series begins with Runt, our 12-year-old hero, about to choose his future vocation at the Minecraftia school. His options are less than thrilling: farmer, crafter, miner. But what this noob really wants is to be a warrior like his hero, Steve. So when he learns that the five best students in school that year will get the chance to start warrior training, it's ON. With fun text changes, full-color illustrations throughout, and shorter text blocks to reward readers balanced with longer text blocks to challenge readers, this book will get Minecraft fans off the screen and into reading!
