Sommario/riassunto	This ebook consists of a summary of the ideas, viewpoints and facts presented by Chris Mooney and Sheril Kirshenbaum in their book "Unscientific America: How Scientific Illiteracy Threatens Our Future". This summary offers a concise overview of the entire book in less than 30 minutes reading time. However this work does not replace in any case Chris Mooney's and Sheril Kirshenbaum's book. Mooney and Kirshenbaum argue that science and society have been disconnected in the modern area they show the consequence and propose solutions to that situation.
