Sommario/riassunto	This ebook consists of a summary of the ideas, viewpoints and facts presented by Deborah Meier in her book "Many Children Left Behind: How the No Child Left Behind Act is Damaging Our Children and Our Schools". This summary offers a concise overview of the entire book in less than 30 minutes reading time. However this work does not replace in any case Deborah Meier's book. Meier claims that the No Child Left Behind legislation in 2002 undermines the public school system and limits even more than before the instruction of poor children.
