Sommario/riassunto	This ebook consists of a summary of the ideas, viewpoints and facts presented by Martha Zoller in her book "Indivisible: Uniting Values for a Divided America". This summary offers a concise overview of the entire book in less than 30 minutes reading time. However this work does not replace in any case Martha Zoller's book. She points out that contrary to what the media proclaims America is not that dramatically divided politically and ideologically. Instead she argues that America is actually a "center-right" country and the majority of Americans are conservative.
