Sommario/riassunto	This ebook consists of a summary of the ideas, viewpoints and facts presented by Brian Jennings in his book "Censorship: The Treat to Silence Talk Radio". This summary offers a concise overview of the entire book in less than 30 minutes reading time. However this work does not replace in any case Brian Jennings' book. Jennings highlights that freedom of speech is essential in America, but he believes that it is under threat with the Obama administration controlling Congress. He argues that it is time for people to be concerned about their right to freedom of speech.
