| Sommario/riassunto | This ebook consists of a summary of the ideas, viewpoints and facts presented by Mike Wallace in his book "The Way We Will Be in 50 Years From Today: 60 of the World's Greatest Minds Share Their Visions of the Next half Century". This summary offers a concise overview of the entire book in less than 30 minutes reading time. However this work does not replace in any case Mike Wallace's book. Wallace puts forward the answer of today's top scientists, doctors, philosophers, and thinkers to the question: Where will we be in 50 years and what will be the state of the world? |
