Sommario/riassunto	This ebook consists of a summary of the ideas, viewpoints and facts presented by Bryon York in his book "The Vast Left Wing Conspiracy". This summary offers a concise overview of the entire book in less than 30 minutes reading time. However this work does not replace in any case Bryon York's book. York offers an insight of how democrats, billionaires and liberal activists failed to bring down President Bush. And explains how they subsequently reformed American Politics by creating a new political movement.
