Sommario/riassunto	This ebook consists of a summary of the ideas, viewpoints and facts presented by David Ray Griffin in his book "The New Pearl Harbor: Disturbing Questions About the Bush Administration and 9/11". This summary offers a concise overview of the entire book in less than 30 minutes reading time. However this work does not replace in any case David Ray Griffin's book. Griffin analyses the official account of what happened on 9/11, and he offers several reasons for a more independent and detailed investigation than what has been done until now.
