Sommario/riassunto	This ebook consists of a summary of the ideas, viewpoints and facts presented by Peter W. Galbraith in his book "The End of Iraq: how American Incompetence Created a War Without End". This summary offers a concise overview of the entire book in less than 30 minutes reading time. However this work does not replace in any case Peter W. Galbraith's book. Galbraith explains the reasons why US force imposing unity has failed in Iraq and will continue to fail and argues

that the US should support the separation of Iraq into independent ethnic and religious regions.
