Sommario/riassunto	This ebook consists of a summary of the ideas, viewpoints and facts presented by Zbigniew Brezezinki in his book "Second Chance, Three Presidents and the Crisis of American Superpower". This summary offers a concise overview of the entire book in less than 30 minutes reading time. However this work does not replace in any case Zbigniew Brezezinki's book. Brezezinki offers an assessment of the great achievements of Bush Senior, Clinton, and Bush Junior and also shows their lack of long-term thinking or ideology. Moreover he offers recommendations as to how America can regain its global stature.
