Sommario/riassunto	This ebook consists of a summary of the ideas, viewpoints and facts presented by Kevin Phillips in his book "American Theocracy: The Peril and Politics of Radical Religion, Oil, and Borrowed Money in the 21st Century". This summary offers a concise overview of the entire book in less than 30 minutes reading time. However this work does not replace in any case Kevin Phillips' book. Phillips points out the set of causes that are undermining American nation's security, solvency and position in the world.
