Sommario/riassunto	"In the year 834 AD, an Irish monk flings a bronze bottle into the sea, praying the Latin word etched onto the vessel will reach a hurting soul and restore faith. Little does he know the far-reaching, eternal impact it will have throughout the ages....the Message in a bottle romance collection follows the legacy of this bottle's contents as it touches five women's lives in unique ways. From the misty shores of Ireland to a famed river voyage on the Thames, it travels. From the perils of post-Colonial New York to the struggles during the Civil War, it changes hearts. Finally, washing ashore at a Victorian-era hotel, it delivers one final message of hope and love."--Back cover.
