Sommario/riassunto	"Johanne Lien has grown up living a simple life with her family in Asgardstrand, Norway, posing for visiting artists who come to the town for the beautiful summer weather. Her unassuming lifestyle takes a dramatic turn when Tullik, the beautiful younger daughter of a wealthy local family, befriends Johanne in order to get close to the controversial artist Edvard Munch. As Johanne is drawn ever deeper into the raw emotion of Munch's paintings, so too is she drawn into his highly charged relationship with the siren-like Tullik..." --
