Sommario/riassunto	Oh No! We're Gonna Die Too came about due to the popularity of Bob's first book Oh No! We're Gonna Die. That book was mostly about the author's misadventures in Alaska. Many of his friends and associates approached him after reading the book and told him their stories which were very similar to his. He collected those stories and with a few details filled in and some observations by Bob, compiled them into the second book. This book is also written in a humorous fashion, but again conveys the apprehension, excitement and relief involved in life threatening adventures. This book shows how a relatively small mistake can quickly put one's life at risk in the Alaska wilderness. It also takes the reader on adventures throughout Alaska with a whole new cast of characters who continue the tradition of questionable judgment and bad luck. You will experience airplane crashes, wild critters trying to eat folks, extreme weather, malfunctioning equipment, sinking boats and many other challenges. These stories give the reader a personal

look at how many Alaskans live, recreate and somehow survive. It is doubtful many of them would have survived if it weren't for pure luck. As one can see from these stories, there is not a lot of clear thinking or intelligence involved in most of the stories, but there is an ample amount of excitement. Please enjoy your trip with us through our Alaska misadventures
