Soggetti	Territorial waters - South China Sea Law of the sea - South China Sea Jurisdiction, Territorial - Islands of the South China Sea South China Sea International status South China Sea Strategic aspects Southeast Asia Boundaries Islands of the South China Sea International status Paracel Islands International status Spratly Islands International status
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from PDF file title page (viewed March 8, 2017).
Nota di bibliografia	Includes bibliographical references.
Sommario/riassunto	"The South China Sea Disputes: Flashpoints, Turning Points and Trajectories focuses on the currently much-debated theme of the South China Sea disputes — one of the hottest international disputes of the 21st century which can easily turn from a brewing flashpoint into a regional conflict with global repercussions. Through a compilation of commentaries published by the S. Rajaratnam School of International Studies from 2012 to much of 2016, the book attempts to reflect the evolution of the disputes in recent years through what can be seen as turning points and trajectories in the diplomatic tensions. The book is divided into four sections, taking off from a key diplomatic or related incident/development which can be seen as a turning point for each,

with the concluding section looking at what lies ahead for Southeast Asia and the larger Asia-Pacific region, amidst the uncertainties triggered by the South China Sea imbroglio."--Publisher's website.
