

1. Record Nr.	UNINA9910700139103321
Autore	Ferebee Robin C
Titolo	Using the Saturn V and Titan III vibroacoustic databanks for random vibration criteria development [[electronic resource] /] / R. C. Ferebee
Pubbl/distr/stampa	[Huntsville], Ala. : , : National Aeronautics and Space Administration, Marshall Space Flight Center, , [2009]
Descrizione fisica	1 online resource (xvi, 191 pages) : illustrations
Collana	NASA/TM ; ; 2009-215902
Soggetti	Acoustics Data bases Vibration tests Design analysis Random vibration Saturn 5 launch vehicles Test vehicles Vibrational stress
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on July 21, 2011). "July 2009."
Nota di bibliografia	Includes bibliographical references (page 191).

Sommario/riassunto

This volume, part of a comprehensive history of the Peninsular War by Charles Oman, covers the period from January to September 1809. It examines the strategic and tactical developments of the war, focusing on key battles such as Corunna, Medellin, and Talavera. The book explores the fragmented nature of the conflict, with multiple independent campaigns occurring across the Iberian Peninsula. Oman's narrative highlights the difficulties faced by both the French and Spanish forces in coordinating their efforts. The work is detailed,

drawing on a wealth of original sources to provide an in-depth analysis of military operations and the broader geopolitical context. Intended for historians and military enthusiasts, it aims to offer a comprehensive understanding of this pivotal year in the Peninsular War.
