

1. Record Nr.	UNINA9910164283703321
Titolo	Synthetic bioabsorbable polymers for implants
Pubbl/distr/stampa	[Place of publication not identified], : American Society for Testing and Materials, 2000
ISBN	0-8031-5444-5
Disciplina	610/.28
Soggetti	Polymers Prostheses and Implants Macromolecular Substances Biomedical and Dental Materials Equipment and Supplies Drug Therapy Diagnostic Techniques and Procedures Manufactured Materials Technology, Industry, and Agriculture Polyesters Absorbable Implants Health & Biological Sciences Biomedical Engineering
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
