

1. Record Nr.	UNINA9910164313603321
Titolo	Water vapor transmission through building materials and systems : mechanisms and measurement
Pubbl/distr/stampa	[Place of publication not identified], : ASTM, 1989
ISBN	0-8031-5094-6
Collana	STP Water vapor transmission through building materials and systems
Disciplina	693/.892
Soggetti	Dampness in buildings - Congresses Building materials - Congresses - Moisture Building materials - Congresses - Permeability Water vapor transport - Congresses Civil & Environmental Engineering Engineering & Applied Sciences Civil Engineering
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
