|--------------------------------|--|
| 1. Record Nr. | UNINA9910164684203321 |
| Titolo | Evaluation of existing and new sensor technologies for fatigue, fracture and mechanical testing // editors, Jidong Kang, David Jablonski, David Dudzinski |
| Pubbl/distr/stampa | ASTM International |
| ISBN | 0-8031-7614-7 |
| Altri autori (Persone) | KangJidong JablonskiDavid DudzinskiDavid |
| Disciplina | 620.1/1260284 |
| Soggetti | Materials - Testing - Equipment and supplies - Evaluation Detectors - Industrial applications Fatigue testing machines - Evaluation Fracture mechanics Mechanical wear |
| Lingua di pubblicazione | Inglese |
| Formato | Materiale a stampa |
| Livello bibliografico | Monografia |
