

1. Record Nr.	UNINA9910164691603321
Titolo	Geotechnical applications of remote sensing and remote data transmission : a symposium
Pubbl/distr/stampa	[Place of publication not identified], : ASTM, 1988
ISBN	0-8031-5040-7
Collana	ASTM special technical publication Geotechnical applications of remote sensing and remote data transmission
Disciplina	624.1/51
Soggetti	Engineering geology - Remote sensing - Congresses Data transmission systems - Congresses Civil & Environmental Engineering Engineering & Applied Sciences Civil Engineering
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
