

1. Record Nr.	UNINA9910164697203321
Titolo	Aspects of lubricant oxidation : a symposium / / sponsored by ASTM Committee D-2 on Petroleum Products and Lubricants, Miami, FL, 5 Dec. 1983 ; W.H. Stadtmiller and Andrew N. Smith, editors
Pubbl/distr/stampa	Philadelphia : , : ASTM, , 1986 ©1986
ISBN	9780803149816 0803149816
Descrizione fisica	1 online resource (ix, 78 pages) : illustrations
Collana	ASTM special technical publication Aspects of lubricant oxidation
Disciplina	621.8/9
Soggetti	Lubrication and lubricants Oxidation
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di contenuto	Turbine lubricant oxidation / Andrew N. Smith -- Oxidative degradation mechanisms of lubricants / Stephen M. Hsu, Charles S. Ku, and Patrick T. Pei -- Oxidation test method development by ASTM Subcommittee D02.09 / Thomas M. Warne -- Infrared spectroscopy as a tool for monitoring oil degradation / John P. Coates and Lynn C. Setti.
