

1. Record Nr.	UNINA9910164718003321
Autore	Irwin George Rankin <1907-1998, >
Titolo	Fracture Analysis: Proceedings of the 1973 National Symposium on Fracture Mechanics, Part II
Pubbl/distr/stampa	[Place of publication not identified], : American Society for Testing & Materials, 1974
ISBN	0-8031-4645-0
Descrizione fisica	1 online resource (255 pages) : illustrations
Disciplina	620.1
Soggetti	Metals - Fracture
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references.
Sommario/riassunto	The 1973 National Symposium on Fracture Mechanics was held at the University of Maryland Conference Center, College Park, Md., 27-29 Aug. 1973. The symposium was sponsored by the American Society for Testing and Materials through Committee E24 on Fracture Testing of Metals. Members of the Symposium Subcommittee of Committee E24 selected papers for the program. Organizational assistance from Don Wisdom and Jane Wheeler at ASTM Headquarters was most helpful. G. R. Irwin, Dept. of Mechanical Engineering, University of Maryland, served as general chairman. Those who served as session chairmen were H. T. Corten, Dept. of Theoretical and Applied Mechanics, University of Illinois; C. M. Carman, Frankford Arsenal; J. R. Rice, Div. of Engineering, Brown University; D. E. McCabe, Research Dept., ARMCO Steel; J. E. Srawley, Fracture Section, Lewis Research Center, NASA; E. T. Wessel, Research and Development Center, Westinghouse Electric Corp.; and E. K. Walker, Lockheed-California Co.
