

1. Record Nr.	UNINA9910164758603321
Autore	Manson S
Titolo	Literature Surveys on Influence Stress Concentrations at Elevated Temperatures and the Effects of Nonsteady Load and Temperature Conditions on the Creep of Metals
Pubbl/distr/stampa	[Place of publication not identified], : American Society for Testing & Materials, 1959
ISBN	0-8031-8382-8
Descrizione fisica	1 online resource (iii, 104 pages) : illustrations
Collana	ASTM special technical publication ; ; 260
Disciplina	620.1623
Soggetti	Metals - Effect of high temperatures on Metals - Creep
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
