Sommario/riassunto

"In recent years the issue of food security has become centre stage in the global agenda. Through a multidisciplinary approach, this book provides an overview of the new global challenges connected with land, food supply and agriculture. It does not simply raise the debate; rather it aspires to move forward the debate that has started with the G20 meetings. "--

Sommario/riassunto

Following the breakup of her marriage, Rachael retreats to the old beachhouse in Jenny's Cove, where she once lived with her grandmother. It is the one place where she had always felt safe and loved. Devasted and lost, Rachael longs for the simplicity of her childhood..
