

1. Record Nr.	UNINA9910164918603321
Autore	Committee Paediatric Formulary
Titolo	BNF for Children (BNFC) 2016-2017
Pubbl/distr/stampa	London : , : Pharmaceutical Press, , 2016 ©2016
ISBN	0-85711-306-2
Descrizione fisica	1 online resource (1053 pages)
Altri autori (Persone)	CommitteePaediatric Formulary
Disciplina	615.11
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Cover -- Preface -- Contents -- Acknowledgements -- BNF Staff -- Paediatric Formulary Committee 2015-2016 -- Dental Advisory Group 2015-2016 -- Nurse Prescribers' Advisory Group 2015-2016 -- How BNF Publications are constructed -- How to use BNF Publications in print -- Changes -- Guidance on prescribing -- Prescription writing -- Supply of medicines -- Emergency supply of medicines -- Controlled drugs and drug dependence -- Adverse reactions to drugs -- Guidance on intravenous infusions -- Prescribing in hepatic impairment -- Prescribing in renal impairment -- Prescribing in pregnancy -- Prescribing in breast-feeding -- Prescribing in palliative care -- Drugs and sport -- Prescribing in dental practice -- Chapter 1 Gastro-intestinal system -- Chronic bowel disorders -- Constipation and bowel cleansing -- Diarrhoea -- Disorders of gastric acid and ulceration -- Food allergy -- Gastro-intestinal smooth muscle spasm -- Liver disorders and related conditions -- Obesity -- Rectal and anal disorders -- Reduced exocrine secretions -- Stoma care -- Chapter 2 Cardiovascular system -- Arrhythmias -- Bleeding disorders -- Blood clots -- Blood pressure conditions -- Heart failure -- Hyperlipidaemia -- Myocardial ischaemia -- Oedema -- Patent ductus arteriosus -- Vascular disease -- Chapter 3 Respiratory system -- Airways disease, obstructive -- Allergic conditions -- Conditions affecting sputum viscosity -- Cough and congestion -- Respiratory depression, respiratory distress syndrome and apnoea -- Chapter 4 Nervous system -- Epilepsy and other seizure disorders -- Mental health

disorders -- Movement disorders -- Nausea and labyrinth disorders -- Pain -- Sleep disorders -- Substance dependence -- Chapter 5 Infection -- Amoebic infection -- Bacterial infection -- Fungal infection -- Helminth infection -- Protozoal infection -- Viral infection. Chapter 6 Endocrine system -- Antidiuretic hormone disorders -- Corticosteroid responsive conditions -- Diabetes mellitus and hypoglycaemia -- Disorders of bone metabolism -- Gonadotrophin responsive conditions -- Hypothalamic and anterior pituitary hormone related disorders -- Sex hormone responsive conditions -- Thyroid disorders -- Chapter 7 Genito-urinary system -- Bladder and urinary disorders -- Bladder instillations and urological surgery -- Contraception -- Erectile and ejaculatory conditions -- Vaginal and vulval conditions -- Chapter 8 Immune system and malignant disease -- Immune system -- Immune system disorders and transplantation -- Malignant disease -- Antibody responsive malignancy -- Cytotoxic responsive malignancy -- Immunotherapy responsive malignancy -- Targeted therapy responsive malignancy -- Chapter 9 Blood and nutrition -- Blood and blood-forming organs -- Anaemias -- Iron overload -- Neutropenia and stem cell mobilisation -- Platelet disorders -- Nutrition and metabolic disorders -- Acid-base imbalance -- Fluid and electrolyte imbalances -- Metabolic disorders -- Mineral and trace elements deficiencies -- Nutrition (intravenous) -- Nutrition (oral) -- Vitamin deficiency -- Neural tube defects (prevention in pregnancy) -- Chapter 10 Musculoskeletal system -- Arthritis -- Neuromuscular disorders -- Pain and inflammation in musculoskeletal disorders -- Soft tissue and joint disorders -- Chapter 11 Eye -- Allergic and inflammatory eye conditions -- Dry eye conditions -- Eye infections -- Eye procedures -- Glaucoma and ocular hypertension -- Chapter 12 Ear, nose and oropharynx -- Ear -- Otitis externa -- Removal of earwax -- Nose -- Nasal congestion -- Nasal infection -- Nasal inflammation, nasal polyps and rhinitis -- Oropharynx -- Dry mouth -- Oral hygiene -- Oral ulceration and inflammation -- Oropharyngeal bacterial infections. Oropharyngeal fungal infections -- Oropharyngeal viral infections -- Chapter 13 Skin -- Dry and scaling skin disorders -- Infections of the skin -- Inflammatory skin conditions -- Perspiration -- Photodamage -- Pruritus -- Rosacea and acne -- Scalp and hair conditions -- Skin cleansers, antiseptics and desloughing agents -- Skin disfigurement -- Superficial soft-tissue injuries and superficial thrombophlebitis -- Warts and calluses -- Chapter 14 Vaccines -- Immunoglobulin therapy -- Post-exposure prophylaxis -- Tuberculosis diagnostic test -- Vaccination -- Chapter 15 Anaesthesia -- General anaesthesia -- Anaesthesia adjuvants -- Malignant hyperthermia -- Local anaesthesia -- Chapter 16 Emergency treatment of poisoning -- Active elimination from the gastro-intestinal tract -- Chemical toxicity -- Drug toxicity -- Methaemoglobinaemia -- Snake bites -- Appendix 1 -- Appendix 2 Borderline substances -- Enteral feeds (non-disease specific) -- Nutritional supplements (non-disease specific) -- Specialised formulas -- Feed supplements -- Feed additives -- Foods for special diets -- Nutritional supplements for metabolic diseases -- Appendix 3 Cautionary and advisory labels for dispensed medicines -- Dental Practitioners' Formulary -- Nurse Prescribers' Formulary -- Non-medical prescribing -- Index of proprietary manufacturers -- Special-order manufacturers -- Index -- Yellow Cards -- Newborn Life Support -- Paediatric Basic Life Support -- Paediatric Advanced Life Support -- Body Surface Area in Children -- Medical emergencies in the community -- Approximate Conversions and Units -- Recommended wording of cautionary and advisory labels -- Abbreviations and

Symbols -- Latin abbreviations -- E numbers.

Sommario/riassunto

The BNF for Children (BNFC) 2016-2017 provides essential practical information to all healthcare professionals involved in the prescribing, dispensing, monitoring and administration of medicines to children. It addresses a significant knowledge gap in many areas of paediatric practice by providing practical information on the use of medicines in children of all ages from birth to adolescence. Recommendations in the BNFC have been constructed on the basis of authoritative sources, emerging evidence and best practice guidelines. The content has been carefully validated by a network of paediatric experts and the process is overseen by a paediatric formulary committee. The BNF for Children 2016-2017 has been revised and revalidated to reflect changes in product availability, emerging safety concerns and shifts in clinical practice. Significant content updates include: New safety information about the risk of abnormal pregnancy outcomes with sodium valproate and valproic acid Updated guidance for conditions including asthma and obesity Updated pregnancy-prevention advice for patients taking mycophenolate mofetil New drug monographs including cholic acid New indications for adalimumab including chronic plaque psoriasis New safety information about the risk of osteonecrosis of the external auditory canal with bisphosphonates Guidance on suspected or confirmed drug allergies Evidence grading of BNF recommendations.
