Sommario/riassunto	This ebook consists of a summary of the ideas, viewpoints and facts presented by Matthew R. Simmons in his book "Twilight in the Desert: The Coming Saudi Oil Shock and the World Economy". This summary offers a concise overview of the entire book in less than 30 minutes reading time. However this work does not replace in any case Matthew R. Simmons' book. Simmons examines the demand of oil and believes that Saudi oil resources have been mismanaged and that they could lead to a catastrophic oil shortage, he established what Saudi Arabia and the rest of the world should do to prevent this crisis.
