Sommario/riassunto	This ebook consists of a summary of the ideas, viewpoints and facts presented by Jimmy Carter in his book "Our Endangered Values: America's Moral Crisis". This summary offers a concise overview of the entire book in less than 30 minutes reading time. However this work does not replace in any case Jimmy Carter's book. Carter argues that the separation between church and state is essential and he points to the fact that nowadays the barriers between them are being buried.
