| Sommario/riassunto | This ebook consists of a summary of the ideas, viewpoints and facts presented by Colonel David Hunt in his book "On the Hunt: How to Wake Up Washington and Win the War on Terror". This summary offers a concise overview of the entire book in less than 30 minutes reading time. However this work does not replace in any case Colonel David Hunt's book. Colonel Hunt argues that America's leaders have wasted the post-9/11 fortunes with half-measures and timidity and he asserts that political leaders nowadays are more concerned with their reputation and their political careers than with solving terror |
