Sommario/riassunto	This ebook consists of a summary of the ideas, viewpoints and facts presented by Bruton W. Folsom, Jr. in his book "New Deal or Raw Deal? How FDR's Economic Legacy Has Damaged America". This summary offers a concise overview of the entire book in less than 30 minutes reading time. However this work does not replace in any case Bruton W. Folsom, Jr.'s book. Folsom argues that FDR idyllic legend is just a myth of epic propositions and he points out that today Americans are still struggling with the negative repercussions of FDR's legacy.
