Sommario/riassunto	This ebook consists of a summary of the ideas, viewpoints and facts presented by Michael Scheuer in his book "Marching Toward Hell: America and Islam After Iraq". This summary offers a concise overview of the entire book in less than 30 minutes reading time. However this work does not replace in any case Michael Scheuer's book. Scheuer shows how America's foreign policy has undermined American security and made possible the 9/11 attacks he also claims that these events were foreseeable and most importantly he offers ways to improve the current situation of America.
