Sommario/riassunto	This ebook consists of a summary of the ideas, viewpoints and facts presented by Robert Skidelsky in his book "Keynes: Return of the Master". This summary offers a concise overview of the entire book in less than 30 minutes reading time. However this work does not replace in any case Robert Skidelsky's book. Skidelsky argues that Keynes ideas have never been timelier than now and he illustrates that these ideas are a mixture of pragmatism and realism.
