Sommario/riassunto	This ebook consists of a summary of the ideas, viewpoints and facts presented by Brian S. Wesbury in his book "It's not as Bad as You Think: why Capitalism Trumps Fear and the Economy Will Thrive". This summary offers a concise overview of the entire book in less than 30 minutes reading time. However this work does not replace in any case Brian S. Wesbury's book. Wesbury argues that the financial future may be hard to predict, but it will in the end be profitable as entrepreneurs don't give up, hence he illustrates how everyone can capitalize and enjoy great possibilities in the future.
