| Sommario/riassunto | This ebook consists of a summary of the ideas, viewpoints and facts presented by Martin Indyk in his book "Innocent Abroad: An Intimate Account of American Peace Diplomacy in the Middle East". This summary offers a concise overview of the entire book in less than 30 minutes reading time. However this work does not replace in any case Martin Indyk's book. Indyk's argues that making peace in the Middle East is one of America's top priorities. He examines the ironic consequences and the obstacles that have been overcome in the past and illustrates a new way forward for Obama's administration. |
