Sommario/riassunto	This ebook consists of a summary of the ideas, viewpoints and facts presented by Rachel Maddow in her book "Drift, The Unmooring of American Military Power". This summary offers a concise overview of the entire book in less than 30 minutes reading time. However this work does not replace in any case Rachel Maddow's book. Maddow argues that America has broken faith with the best lessons form the past, by continually fighting a war(s) in other countries.
