Sommario/riassunto	This ebook consists of a summary of the ideas, viewpoints and facts presented by Hugh Hewitt in his book "Blog: Understanding the Information Reformation that's Changing Your World". This summary offers a concise overview of the entire book in less than 30 minutes reading time. However this work does not replace in any case Hugh Hewitt's book. Hewitt argues that blogs have an important potential and he believes that it would be a dreadful mistake to avoid their power.
