Sommario/riassunto	This ebook consists of a summary of the ideas, viewpoints and facts presented by Chris Hedges in his book "American Fascists: The Christian Right and the War on America". This summary offers a concise overview of the entire book in less than 30 minutes reading time. However this work does not replace in any case Chris Hedges' book.  Hedges argues that the Christian Right movement has strong parallels to early European fascist movements and he believes that this movement will be intensified if there is another American crisis.
