Sommario/riassunto	This ebook consists of a summary of the ideas, viewpoints and facts presented by Zell Miller in his book "A Deficit of Decency". This summary offers a concise overview of the entire book in less than 30 minutes reading time. However this work does not replace in any case Zell Miller's book. Miller points the challenges faced by the American nation. He argues that the return to the sense of duty and decency is the starting point for solutions.
