Sommario/riassunto	This ebook consists of a summary of the ideas, viewpoints and facts presented by Michael R. LeGault in his book "Think!: Why Crucial Decisions Can't Be Made in the Blink of an Eye". This summary offers a concise overview of the entire book in less than 30 minutes reading time. However this work does not replace in any case Michael R. LeGault's book. LeGault argues that the feel-good culture that has contributed to the diminution of critical thinking might cause America losing its competitiveness edge in the world.
