| Sommario/riassunto | This ebook consists of a summary of the ideas, viewpoints and facts presented by Michael Heller in his book "The Gridlock Economy: How Too Much Ownership Wrecks Markets, Stops Innovation, and Costs Lives". This summary offers a concise overview of the entire book in less than 30 minutes reading time. However this work does not replace in any case Michael Heller's book. Heller exposes one of the paradoxes of free market: too much ownership creates a gridlock instead of producing wealth. |
