### Sommario/riassunto

At the international book fair held this past May in St. Petersburg, the number two city in Russia, Happy Science displayed multiple books by Master Ryuho Okawa which were translated into Russian. One of the books that gained the most attention from visitors was the spiritual message from the guardian spirit of Vladimir Putin recorded in March 2012, soon after he was re-elected as president after four years. Many of the people who visited the booth bought the book after being convinced that it was a spiritual message. There was even a visitor who asked whether a more recent spiritual message
