Sommario/riassunto

Happy Science, a new religion representing modern-day Japan, is working to realize "the happiness that carries over from this world to the next." Not only is Happy Science helping people return to Heaven after death, but it is also trying to make this world, a training ground for the soul, a place where people can live shining brightly. In order to strongly promote the creation of such a world, Master Ryuho Okawa of Happy Science established the Happiness Realization Party in May 2009, a new political party to take on that task. This book is the declaration of the establishment of HRP by Ma
