Sommario/riassunto	A humorous, philosophical, and very weird collection of short stories.... when a word decides to get up and leave your holy book?...when you're a mayor and your city is literally crumbling around you?...when the evil Haman, villain of the Purim story, seems to have arisen from the dead to terrorize your town?Eliezer ben-Avraham, wizard, Kabbalist, and kvetch, not only can but must help. Because he poked around in areas of forbidden knowledge, he is obliged to wander the world and use the powers he gained to perform good deeds-mitzvot-for anybody who asks, no matter how bizarre the task. Ably assisted by his trusty but cynical steed, Melech, Eliezer does what he can, although transforming into a bird and flying around is difficult when you have arthritis in your shoulder.Eliezer's adventures as he makes his rounds demonstrate how important it is to be generous with your gifts, even to the craziest goyim.
