Sommario/riassunto	<p>It's a lonely life being an Interpol kid. With both Michel's parents working for the international police force and always moving from country to country, it's hard enough to make friends, let alone find a boyfriend. Then he meets Benny during an online chat, and Benny is everything Michel ever wanted and more. He looks forward to meeting his crush when his family heads to Australia on an important mission. But Benny isn't quite what he seems, and it may have something to do with the man Michel's parents are investigating and his relationship to an AI. In order to find out the truth, Michel will have to go to greater lengths--and face greater dangers--than he ever imagined.</p>
