Sommario/riassunto	Holocaust Denial. The Politics of Perfidy provides a graphic and compelling global panorama of past and present variations on this toxic phenomenon. The volume examines right and left wing French negationism, post-Communist Holocaust deniers in Eastern-Europe,

the spread of denial to Australia, Canada, South-Africa and even to Japan. Leading scholarly experts also explore the close connection between Holocaust denial, global conspiracy theories, antisemitism and radical anti-Zionism- especially in Iran and the Arab world. In co-publication with Magnes Press, Jerusalem.
