

1. Record Nr.	UNINA9910171985903321
Titolo	IEEE guide on transformers for application in distributed photovoltaic (DPV) power generation systems
Pubbl/distr/stampa	New York : , : IEEE, , 2016
ISBN	1-5044-2266-X
Descrizione fisica	1 online resource (37 pages)
Disciplina	621.31244
Soggetti	Photovoltaic power generation - Standards Photovoltaic power generation
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	General and specific recommendations on specification, design, and application of liquid-immersed and dry-type transformers in distributed photovoltaic (DPV) power generation systems for commercial, industrial, and utility systems are provided in this guide.
